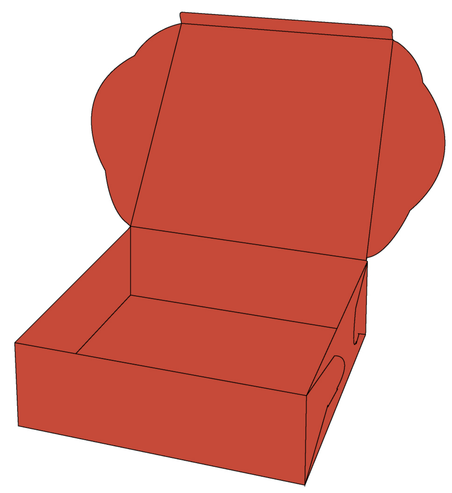
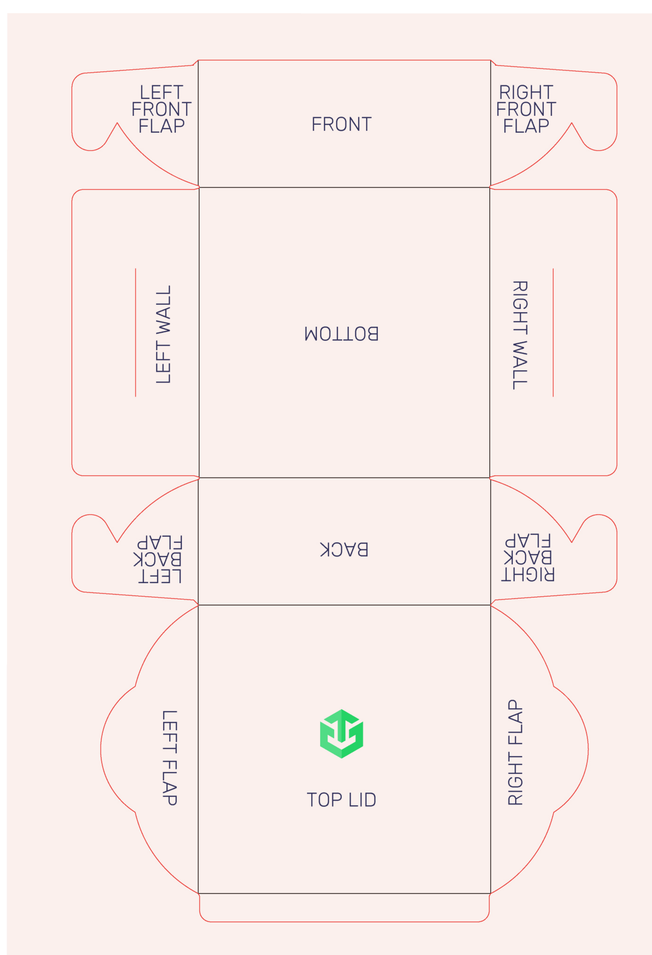
DIELINE ORIENTATION GUIDE

CAKE BOXES

Cake boxes are made of one flat paperboard that is folded during assembly. The interior of cake boxes are often left blank.

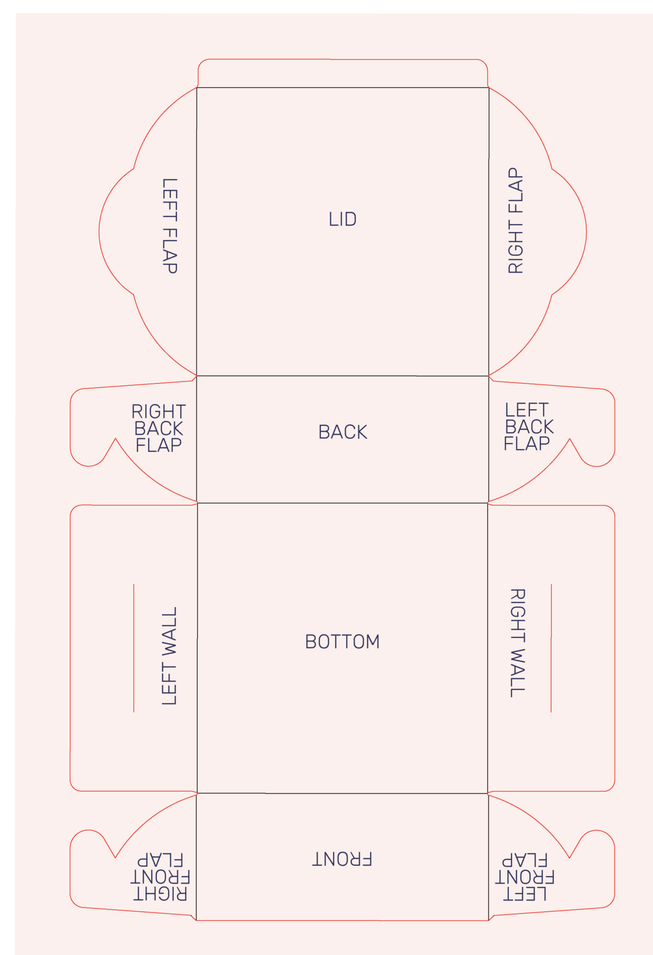


BOX
(OUTSIDE ARTWORK)



Note: when assembled, parts of the side walls will be covered by the side front and back flaps.

BOX
(INSIDE ARTWORK)



Note: it is most common to leave the interior blank white, or as a solid design such as a color or pattern.
